PAC Goals	
1	<p>Continue to review and update UP park systematic review resulting in an updated PROS Plan and Capital Improvement Plan (CIP) list for Council consideration. During this process, obtain community input on improvements that would result in increased community usage and satisfaction. Also review park master plans to be sure recommendations are congruent with plans or to point out any inconsistencies for further study.</p> <p>Note: The following are EXAMPLES of some of the enhancements that PAC has been discussing during 2019.</p> <ul style="list-style-type: none"> • Build a permanent restroom at Curran Apple Orchard Park as requested by the CORE Group • Recommend a usage plan for the one acre UP Park which is located at the corner of 27th Street W. and Elwood Drive W • Build pickleball, basketball and tennis courts and another picnic shelter at Cirque Park • Build a splash pool and additional play ground options for children ages 6 - 12 at Cirque Park • Promote the development of a connection trail between Adrianna Hess Park and Paradise Pond Park • Request a professional master planning firm be hired to assist the UP Parks Director in the development of Creekside Park, making it available for community use* • Promote a trail development and bridge installation from the Alameda Drive side of Creekside Park to cross Leach Creek and connect the trail to the Cirque Street • Build parking lots and picnic shelters for use at Riconosciuto Park and for the 4 acre park just north of Creekside Park

*Note: In 2013 PARC held two public meetings to listen to the residents of that area. From this a "vision" was developed. UP Parks Director, Gary Cooper, now recommends refinement & design of that vision including a grading plan which will require assistance from a professional "master planning" firm.

Walkers might meet initially meet at a location(s) in the UP Town Center and include walks that pass or travel through UP parks as part of the walking routes. • Add signage to parks as needed to increase visibility, awareness and community pride • Add information on the UP website about each park to include location, size, photos, available trail access and other park amenities • Post trail maps in parks with trails to promote easier navigation and additional usage (e.g. Paradise Pond Park and Riconosciuto Park have trails that are not easy to use without trail maps)
